A WELCOME FROM THE PRESIDENT

Dear fellow Frosh:

Like you, I'm on the Laurentian campus for the first time and, again probably like you, I'm just a little apprehensive about what lies ahead this year. My primary message is that, in both of our cases, how good a year it is will largely depend on us. I have very high expectations for my own contributions this year and hope you feel the same way about yours.

Laurentian University has a lot to offer—its bilingual nature, small classes, a tradition of regular contact between students and professors, ever better facilities to support excellence in teaching and research, programmes that are both varied and soundly established, and a friendly atmosphere.

No matter how good the opportunities, however, some will find their first few weeks confusing and difficult. If you feel slightly intimidated, don't hesitate to ask for help. If you see someone else who looks a bit lonely, take the trouble to talk to him or her. Laurentian is on a magnificent natural site and has a proud tradition of providing accessibility to and success in university education to students from Ontario and beyond, but its success will depend ultimately on the quality of research, scholarship and life on campus. I pledge to do everything I can to help everyone in the Laurentian community to develop an institution which is known for the quality of its programmes and services and the commitment and pride which everyone holds for it.

Good luck this year!! I look forward to seeing you on campus.

Ross H. Paul
President

BIENVENUE DE LA PART DU PRESIDENT

Cher(e) nouveau(ille) étudiant(e):

C'est ma première fois d'être sur le campus universitaire de la Laurentienne, tel est aussi votre cas et, probablement comme vous, je suis un peu appréhensif de ce que nous réserve l'avenir au cours de cette année. Mon message principal est que, dans nos deux cas, l'excellence de l'année dépendra largement de nous. Cette année, je compte beaucoup sur mes contributions personnelles et espère qu'il en sera de même au sujet des vôtres.

L'Université Laurentienne nous offre beaucoup — son caractère bilingue, des classes de petite dimension, une tradition de contact fréquents entre les professeur(e)s et leurs étudiant(e)s, installations améliorées pour promouvoir l'excellence dans l'apprentissage et la recherche, programmes divers et solides et un esprit accueillant.

Cependant, si bonnes que soient les occasions, certains parmi vous trouveront que les premières semaines à l'Université seront déroutantes et difficiles. Si vous vous sentez légèrement intimidé(e), n'hésitez pas à demander de l'aide. Si vous rencontrez quelqu'un(e) d'autre qui semble un peu isolé(e), prenez la peine de lui parler. La Laurentienne est située sur une site naturelle magnifique et a une fière tradition de donner aux étudiant(e)s de l'Ontario et d'ailleurs une accessibilité et un succès dans l'enseignement universitaire, mais ce succès dépendra finalement sur la qualité de recherche, de l'instruction et de la vie sur le campus. Je promets de faire de mon mieux pour aider tout le monde de la communauté laurentienne à développer une institution qui est connue aussi bien par la qualité de ses programmes et services que par l'engagement et la fierté que tous y ressentent.

Bonne chance cette année. J'espère vous rencontrer sur le campus.

Ross H. Paul
Président

WELCOME FROM STUDENT SERVICES

1991-92. Laurentian's New Year

It's a real pleasure to welcome you, on behalf of Student Services to Laurentian's New Year. And "new" is the appropriate word for 1991, because there are new things and new people everywhere. You're not the only new arrival on campus. First of all, there are about 1500 other new students like yourself, who come from Sudbury, Northern Ontario, Southern Ontario, other parts of Canada, and from other countries.

A new President

Then there is a new President this year, Dr. Ross Paul, who comes to Laurentian from northern Alberta, and a new President in a university always makes for exciting times. But this year we are also welcoming a new Academic Vice-President, Dr. Paul Capon, from Montreal. So the two most senior officers of the University are "Frosh" like you.

The Student Centre

Just over a year ago, the Desmarais library opened, and this year we shall be opening the new Student Centre. You will be in the first group of students to benefit from these excellent facilities.

For the first time, students at Laurentian will have lounges and a games room in which to relax. There is a large study area and plenty of places for meetings. There is a bookstore, a hair salon, and a travel agent. Our Student Service offices, (Counselling, Information Centre, Placement, and Financial Aid) are just steps away.

But don't be too impatient, because the Centre is not opening until November, we hear. So, for a few weeks, we'll have to live with the old, rest between classes in the Great Hall, and do assignments in the odd empty classroom or in a corridor.

About Orientation

A lot of people are working hard over the summer making preparations to welcome you this Fall. The residence councils run programmes to keep you busy in that first week of September. The student associations, SGA and AEF (Students' General Association and Association des étudiants francophones), are working together with LOCS (Laurentian Off Campus Students) and with my office, Student Services, to bring you a programme of activities which will give you the opportunity to meet other students, professors, and staff of Laurentian. All you have to do is to take part.

We in Student Services and the Student Associations look forward to seeing you in the Fall.

Coordinator
Student Services

LE BUREAU DES SERVICES AUX ETUDIANTS VOUS SOUHAITE LA BIENVENUE

Année universitaire 1991-91

Au nom du bureau des Services aux étudiants de la Laurentienne, il nous fait grand plaisir de vous souhaiter la bienvenue à cette nouvelle année universitaire. Nouveau est un terme approprié pour l'année 1991. Cette année, il y a en effet 1500 nouveaux étudiants qui comme vous viennent de Sudbury, du nord et du sud de l'Ontario, d'autres régions canadiennes et d'autres pays.

Nouveau Recteur

Il y a aussi un nouveau recteur en la personne de M. Ross Paul qui vient du nord de l'Alberta. La nomination d'un nouveau recteur occasionne toujours des moments excitants. Nous accueillons également un nouveau vice-recteur, M. Paul Capon, de Montréal. Ces deux cadres supérieurs en sont donc à leur première année tout comme vous.

Centre des étudiants

Il y a un peu plus d'un an, on célébrait l'ouverture de la bibliothèque Desmarais, et cette année, c'est le tour du nouveau centre des étudiants. Vous ferez donc partie du premier groupe d'étudiants à bénéficier de ces excellentes installations.

Pour la première fois, les étudiants de la Laurentienne auront des salles de détente et de jeux dans lesquelles ils pourront se divertir. Il y aura également une importante aire réservée à l'étude et plusieurs locaux pour la tenue de réunions. On y trouvera aussi une librairie, un salon de coiffure et une agence de voyage. Les bureaux des Services aux étudiants (orientation, information, placement et aide financière) seront enfin situés à quelques pas.

Toutefois soyez patients, car le Centre n'ouvrira pas ses portes avant le mois de novembre. Au cours des premières semaines, vous continuerez donc à vous reposer au Grand Salon entre les cours et à faire vos travaux dans les salles de classe inoccupées ou dans le corridor.

Orientation

De nombreuses personnes travaillent présentement très fort afin de vous accueillir cet automne. Les conseils des résidences mettent sur pied des programmes afin de vous tenir occupés durant la première semaine de septembre. Les associations étudiantes AGE et AEF (Association générale des étudiants et Association des étudiants francophones) travaillent de concert avec l'AEHCUL (Association des étudiants hors campus de l'Université Laurentienne) et le bureau des Services aux étudiants afin d'organiser des activités qui vous permettront de rencontrer d'autres étudiants, professeurs et membres du personnel de la Laurentienne. Il ne vous restera plus qu'à participer.

Nous, des associations étudiantes et des Services aux étudiants, avons hâte de vous rencontrer en septembre.

Le coordonnateur des services aux étudiants
Paddy Blenkinsop

Laurentian Welcomes New President

"It is my wish that Students, Faculty and Staff, collectively, would feel an ownership for Laurentian, and feel that whatever it's problems, whatever it's difficulties, it was a first rate institution, very clear on where it was going, and really fulfilling it's mandate."

Dr. Ross H. Paul

This is the legacy that Dr. Ross H. Paul would like to leave with Laurentian University. In an interview with Lambda, Dr. Paul expressed a concern about the low morale and lack of pride that many students and staff have for Laurentian University. He feels that he can turn this attitude around with a new administrative style that includes, "open communication [and] clear processes of consultation so that people know how decisions are going to be made and how they can get involved in them."

He feels that the way to foster a sense of community among faculty and staff at Laurentian is to "push more responsibility and authority down." He recognizes that there is "nothing more frustrating than getting directives from on high that totally ignore who you are." He envisions a long slow process ahead to attract more good faculty and continual improvement of academic standards, "to ensure that this is a first rate institution."

Laurentian is also entering a collective bargaining year and Dr. Paul hopes that his new approach will lead to a satisfactory deal between the faculty and the administration that will not require a strike. The last two rounds of collective bargaining have resulted in strikes. It will require a great effort on

both sides to avoid one this time around.

In conjunction with this approach to staff/faculty relations, Dr. Paul would also like to see "students develop and increase their pride in Laurentian through their experience on campus." He stresses the importance of extracurricular activities to a student's University experience. He said that "[my] involvement in student politics, student newspaper and public speaking gave me a real confidence that I didn't have when I came in." He feels that these are the things that will build a strong university. "What I really hate", he goes on to say, "is apathy and cynicism where people don't have any pride in it. [your University]" He wants to build a climate where everyone "will be proud to be a Laurentian Graduate."

During the process to choose a new President, the Universities search committee recognized the importance of appointing a bilingual person to fill that role. There were some concerns that Dr. Paul was not sufficiently skilled in both languages to be a viable candidate for the job. When asked to respond to these concerns he first said that bilingualism is an absolutely essential requirement for any President of Laurentian. "I have no trouble expressing myself in French and have no trouble com-

prehending." He sees it as a public challenge to improve his ability to work in two languages. He feels that in a year there will no longer be any questions about his ability to function in both French and English.

When he was chosen to be Laurentian's new President he had a very good feeling about coming to Sudbury. He was attracted by the complexity of this city which struggles to operate as a bilingual community. He sees Sudbury and Laurentian University as a microcosm of Canada. "I feel it [bilingualism] is absolutely fundamental for the success of this country and I think it takes people for whom it isn't that easy to make it work." Dr. Paul feels that because he was not born into a bilingual environment that he is perhaps more sensitive to the needs and the problems associated with trying to live and work

in two languages. "Making a bilingual institution work, especially at this time in Canada's history, is a major challenge. I feel very strongly that we should stop criticizing our politicians and we should start trying to do something about it ourselves." He rejects the idea of creating of a francophone University. He feels that a bilingual Laurentian will be able to offer more to French students and do a better job than a new University would.

As for the future Dr. Paul feels that it is important for Laurentian to figure out what kind of University it wants to be. He feels that we should decide what it is we are good at and are proud of, and then channel our energies into making Laurentian a top University. While he cannot go into details he "and Dr. Paul Capon [Vice-President Academic] have some specific ideas in some areas, medical area's which are his expertise [Dr. Capon], that may lead to new program development." He says that, "Some people might not quite get their vision of what Laurentian is in the plan, some may be disappointed, but if we do it well people will feel proud of the institution." Perhaps all the different departments at Laurentian can take this as a bit of a warning. It is time to strive for excellence in everything we do, or we may not survive as a part of this University's future.

An Invitation to Parents and Family:

I have no doubt that you are heavily involved in this new step that your son or daughter is taking in his or her educational career. You are probably interested in knowing more about Laurentian University, in visiting the campus, and in meeting some of the staff.

For this reason, we have established the Laurentian Information Centre beside the Great Hall. It will be open from 1:00 to 5:00 on Sunday September 1st and from 10:00 a.m. to 4:00 p.m. on Monday September 2nd. Information will be available at this reception centre, and tours of the campus will be arranged at regular intervals.

You are invited to a reception from 2pm to 4pm on Monday, September 2nd in the Great Hall. Members of staff and faculty will be on hand for you to meet and talk to. We do hope you'll come and join us and find out more about your son or daughter's home away from home.

In the meantime, if you have any questions do not hesitate to get in touch with me in writing or by phone, and I shall gladly try to answer your questions.

Parents exert the greatest influence on their children, though we might not always think so, and anything we can do to help you will also assist your son or daughter.

Invitation aux parents et familles,

Vous portez sans doute un grand intérêt à cette nouvelle étape que votre fils ou fille est en voie d'entreprendre dans sa carrière universitaire. Vous voulez probablement en savoir plus long sur la Laurentienne, visiter le campus et rencontrer certains membres du personnel.

C'est précisément la raison pour laquelle nous avons organisé un kiosque d'information près du Grand Salon, qui sera ouvert de 13h à 17h le dimanche 1 septembre et de 10h à 16h le lundi 2 septembre. Vous pourrez obtenir des renseignements à ce centre d'information, et des visites guidées du campus seront organisées à intervalles réguliers.

Vous êtes invités à une réception qui aura lieu le lundi 2 septembre de 14h00 à 16h00 au Grand Salon où vous pourrez rencontrer plusieurs membres du personnel. Nous espérons que vous serez présents et que vous en apprendrez davantage sur l'établissement que votre garçon ou votre fille fréquentera durant l'année universitaire.

En passant, si vous avez des questions, n'hésitez pas à communiquer avec moi par écrit ou au téléphone. Je ferai de mon mieux pour répondre à vos questions.

Bien que nous ne le croyions pas toujours, les parents exercent une grande influence sur leurs enfants, et la moindre chose que nous pouvons faire pour vous aider profitera aussi à votre fils ou à votre fille.

Je vous prie d'agréer, chers parents, l'expression de mes sentiments les meilleurs.

NATIVE ORIENTATION 1991

In the second year of its creation, Student Services is currently developing a Native Orientation session to be held during the same period as the University's Frosh Week, which is from September 1st to September 8th, 1991, located on-campus. The schedule of activities and events for this session will be made available to you within this section of LAMBDA.

The primary purpose of the Native Orientation session is to welcome all new Native students to the University and to provide overall support within a friendly and social environment. Its goals and objectives include:

- * information regarding programme or course changes (add, drop, etc.) and other services available at the University.
- * to give the new students the opportunity, through participation in the various activities and events, to meet other first- and upper- year students.

If you have any questions or concerns in regards to Native Orientation or Frosh Week, please give Scott or Randy a call at (705) 675-1151 ext. 1066.

Message from the Coordinator of Student Services

I am delighted to welcome you to Laurentian and to be able to announce that we have an Orientation programme for you this year. Here is your chance to meet your fellow students and some of the staff.

The first days at your new University are really important, because you will be in a new place and meeting new people. So come along and join us. We look forward to meeting you in September.

THE WRITING COMPETENCY REQUIREMENT & NATIVE STUDENTS

Now that you are entering University, I am sure that you have heard, or will hear of the Writing Competency Test. The English Writing Competency Test measures your ability to write an essay. Most students have to satisfy Laurentian's Writing Competency Requirement. Once having written the test, many students prefer to satisfy the Writing Competency Requirement by taking a Writing Across the Curriculum (W.A.C.) course as part of their regular load. For more information on the Writing Competency Test, see page 39 of your Calendar.

Native students whose first language is neither English nor French have another way of satisfying the requirement. If you have received a '2' in a W.A.C. course, or in the test, you may wish to be tested in your Native language. If your language is written, you will have to pass a written exam. If your language has no written form, then you will have to pass an oral exam.

For more information on W.A.C. courses or on the Writing Competency Requirement, feel free to give Randy a call at (705) 675-1151 ext. 1066.

Good luck on your test!

A Message From the President of the Students' General Association

Greetings from Sudbury,

Sudbury vous salue

The SGA along with its associations, are hard at work planning "Orientation Week 91". With events such as Scuff 'n' Buff, the MuchMusic Video Superpub as well as Endless Summer, starring one of Canada's hottest acts (I'd tell ya who it is but it's a secret!), this could be one of the best Frosh Weeks in memory. As such, I encourage you to be in Sudbury by the 2nd of September for the beginning of all the festivities. Whether you will be living on or off campus I can't emphasize enough the importance of getting involved. The six days before school starts will allow you to familiarize yourself with our campus, meet a whole bunch of people and have the time of your life. If you wish to get involved and aren't sure as to where to go or who to talk to feel free to give us a call at (705) 673-6547. Should at any point during the week, or the year for that matter, you have any questions queries or just want to say Hi, please drop by our office at G-11 Student Street.

We have a great year planned as well, so don't think you'll have nothing to do but school work after September 9th. This year our brand new student centre opens, Homecoming will return to Laurentian after eighteen years, and of course our legendary Carny Week in January. I encourage you to participate in all aspects of the "Laurentian Experience" that includes various clubs, social events and intramurals. Just remember that your education is not limited to the classroom. In closing I hope that you will enjoy what is left of the summer and best wishes for the upcoming year.

Till then,

Mark Green
President
Student's General Association

L'Association Générale des Étudiants (AGE) et toutes ses associations travaillent fort pour préparer la semaine d'accueil des étudiants 1991. Les événements comme la journée "Scuff 'n' Buff", le Superpub avec

vidéos de MuchMusic et "Endless Summer", qui mettra en vedette un des artistes les plus sensationnels du Canada (dont le nom restera un surprise), feront de cette semaine Frosh une des meilleures jamais. Je vous invite donc à être à Sudbury avant le 2 septembre pour pouvoir prendre part à tous les aspects de la fête. Que vous ayez l'intention de rester sur campus ou non, il est énormément important que vous vous engagiez. Les six jours qui précèdent l'année scolaire vous permettront de vous familiariser avec notre campus, de faire la connaissance de toute une bande de gens et de vous amuser comme il faut. Si vous voulez participer mais vous ne savez pas comment procéder, n'hésitez pas à nous appeler au (705) 673-6547. Si vous avez une question, une inquiétude ou vous voulez tout simplement dire "salut!", passez donc par notre bureau situé au G-11, rue des étudiants.

Nous avons aussi préparé des événements pour le reste de l'année, donc ne pensez pas que ce sera seulement des travaux scolaires après le 9 septembre. Cette année, nous verrons l'ouverture du nouveau centre étudiant, le retour de la fête annuelle de "Homecoming" après une absence de 18 ans, et bien

sûr notre légendaire semaine de carnaval en janvier. Je vous encourage à prendre part à tous les aspects de "l'Expérience Laurentienne", y inclus les nombreux clubs, les événements sociaux et les spots intramuros. N'oubliez pas que votre éducation ne se limite pas à la salle de classe. Bref, j'espère que vous jouissiez du restant de l'été, et je vous souhaite les meilleurs vœux pour l'année scolaire.

À Bientôt

Président
L'Association Générale des Étudiants

WELCOME FROM THE SGA

!!

Well, the summer is quickly coming to a close and the school year is fast approaching. The SGA Executive hopes everyone had a good summer and that you are ready for a fun-filled year.

We have new ideas as well as the old faithfuls such as 'Endless Summer', 'Frosh Week', and Winter Carnival Week ("Carny Week") to start the second term off with a bang.

The SGA is really looking forward to your arrival at Laurentian during the Labor Day Weekend. We have lots of energy and enthusiasm and know you do also.

As Director of Services, I would like to personally welcome you to Laurentian and to those returning for another year — Welcome Back! I encourage all of the student body to stop into the office to say "hi", and, to find out what is upcoming with the SGA over the course of the year.

For those who are unfamiliar with what the SGA has to offer, we are a bilingual organization that

provides many services for our members.

Some of the services include:

Bilingual Events	Photocopy Service	Carny Week
Photo I.D.	CFLR Radio	Ride Board
Endless Summer	Social Events	Fax Services
Games Room	Frosh Week	Student Saver Cards
Grocery Bus Service	Student Handbook	Health Plan
Travel Cuts	Job Fair	Typing Center
Movie Nights	Help Program	Homecoming
OSAP & Academic Appeals		

We encourage all students at Laurentian to use our services; however, we provide our members with a lower price. Our membership is currently at 3,500 and continues to increase with each year. The SGA is a strong organization but only as strong as our membership we represent.

As a member of the SGA Executive, I am here to voice your opinions and help in providing what you feel is needed here at the University. This is where we need feedback from you. Let us know if you feel things are going well. If they are not - heaven forbid - we will be given the opportunity to attempt in making things better.

Our office is still located on G-11 Student Street, which is the first floor of the Single Students Residence on campus. We all look forward to the completion of the new Student Center which will be located in the R.D. Parker Building. Once it is finished — approximately Christmas time (nice present, eh?) — our office will be located there. Be sure to stop in and see the new office.

Your university years can be the most rewarding when you have the opportunity to experience the many aspects it offers. The SGA is here to provide its members with the chance to accomplish their academics as well as the chance to meet many different people from many places.

With Laurentian's Varsity Teams reaching their peak, here is another reason to be a member of this campus.

The SGA is here to work for you. We provide our members with many reasons to join our Association and hope that those who are not presently members will consider the benefits of becoming one. However, if you decide the SGA may not be for you — which we certainly hope this is not true most of our services are still available to you. The difference is, of course, that our members benefit from a lower price. If you are not sure, come in and talk with us before you make a decision.

We wish everyone the best in the upcoming school year and good luck in everything you do. The SGA also looks forward to seeing you out this school year and hearing your opinions concerning the services we provide for you, throughout the next 8 months. Give us a call or stop in (or both if you are that energetic !!)

See you in a few weeks.

Tracy Spencer
Director of Services, SGA

Off-Campus Students

Good-day, and Welcome to Laurentian University! Are you a student who will not be living in residence? Are you somewhat concerned with the thoughts of making new friends and of being excluded from student activities? If so, then come join the fun! For its second consecutive year, "LOCS" has organized a frosh program geared especially for off-campus students such as yourself! We have prepared a frosh kit and events which will appeal to both the students that are, and are not yet of the age of majority. We require that all people who are interested in taking part in the planned events must fill-out the form at the bottom of this page. This form must be post-marked no later than Monday, Aug. 19 1991. The underlying reason for this request is simple. YOUR frosh kit will be secured, and we will be able to accommodate you properly during frosh week 1991. The fee will defray the cost of the kit, and your 91-92 membership with "LOCS". The frosh kits may be picked-up as soon as labour day 1991. Your kit will include all scheduled events for the week, a T-Shirt to remember your first week at Laurentian University, and many different things that you may need during the year.

The "LOCS" office (in front of the Great Hall) will be open from Labour day until Wednesday, Sept. 4 between the hours of 10am-2pm.

We look forward to meeting you at Frosh Week 1991

L'Association des Etudiants Francophones (A.E.F.)

En cette nouvelle année universitaire, l'Association des Étudiant(e)s Francophones s'apprête à célébrer en grand sa 18ième année d'existence. Le nouveau conseil de l'A.E.F. prévoit toute une gamme d'activités qui, tout en divertissant ses membres, sauront promouvoir la vitalité de la culture franco-ontarienne. En outre, la semaine d'orientation fournira aux nouveaux membres, tout comme aux anciens, l'occasion de se rencontrer et de s'intégrer pleinement à la réalité francophone de la Laurentienne.

En Ontario, l'A.E.F. est la seule association étudiante francophone oeuvrant au sein d'une université bilingue. Créée en 1974, elle s'était dotée d'un mandat bien précis: assurer l'épanouissement de la francophonie universitaire nord-ontarienne. Pour ce faire, elle insiste sur une bonne représentation des cours à toutes les heures possibles; elle aide les étudiant(e)s en l'occurrence de difficultés académiques et administratives, et elle représente les besoins et les intérêts politiques et socio-économiques de ses membres. De plus, elle les représente auprès d'autres organismes provinciaux francophones tels que Direction Jeunesse (D.J.), la Fédération des étudiant(e)s de l'Ontario (F.E.O.), et l'Association canadienne-française de l'Ontario (A.C.F.O.).

Depuis quelques années, l'A.E.F. s'est fixé un objectif supplémentaire, celui de la création d'une université de langue française en Ontario. C'est ainsi qu'elle joue un rôle d'une importance primordiale au sein du colloque Franco-parole II et du Rassemblement des étudiant(e)s pour l'université francophone en Ontario (R.E.U.F.O.). Nous croyons qu'un réseau académique entièrement francophone, c'est-à-dire du niveau universitaire, est essentiel à la sauvegarde et au développement du dynamisme franco-ontarien.

Au plan social, nous organisons encore cette année de nombreux pubs au Carrefour francophone. D'autre part, nous prévoyons, pour nos membres, un banquet de Noël et un carnaval d'hiver. A l'Entre-Deux, votre lieu de détente, vous pouvez jaser avec des ami(e)s, écouter de la musique française et même visionner des films français.

Nous espérons vous voir participer à part entière au journal des étudiant(e)s francophones de l'Université Laurentienne, l'*Original déchaîné* ainsi qu'à la *Nuit sur l'étang*, la véritable "folie collective d'un peuple en party". En outre, le conseil de l'A.E.F. souhaite que cette année universitaire s'avère inoubliable pour tous, autant au plan académique qu'aux plans social et culturel.

francophoniquement vôtre,

Pierre J. Perreault

Président de l'Association des étudiant(e)s francophones

(La cotisation de l'A.E.F. est de 87,50\$. Pour de plus amples renseignements, n'hésitez pas à communiquer au bureau de l'A.E.F. au 673-6557. Prend ça cool!)

Semaine d'orientation A.E.F.

Nous invitons tous les étudiants et leurs parents à notre Portes Ouvertes, qui aura lieu, dans l'Entre-Deux, soit à la salle C305. Venez rencontrer les membres du nouveau conseil de l'A.E.F. N'hésitez pas à nous poser des questions au sujet de l'A.E.F. ou même de l'Université Laurentienne.

Venez prendre votre dîner chez nous au Chalet Robertson le mardi 3 septembre, nous servirons un bon goûter au barbecue. Ensuite, nous vous invitons à participer à notre premier jeu de la semaine; soit la guerre de drapeaux, qui aura lieu sur le campus de l'Université Laurentienne. Le lendemain, nous vous invitons à participer à une des activités organisées par l'A.E.F. Venez nous rejoindre à l'Entre-Deux, car nous aurons des autobus pour vous transporter aux endroits désignés.

Pendant la journée d'inscription, n'hésitez pas à nous demander pour de l'aide, soit pour remplir votre formulaire d'inscriptions, ou même pour vous inscrire aux endroits voulus.

Après une semaine pleine d'activités, nous vous invitons à participer à une joute de ballon-volant sur la plage Laurentienne, derrière l'Université de Sudbury. Diriger vous au stationnement derrière l'Université de Sudbury, et nous vous dirigerons à la plage. Ensuite, nous aurons une épluchette de blé-d'inde pour tous ceux qui ont travaillé fort sur la plage. Et pour terminer la semaine, nous aurons notre premier pub francophone, qui aura lieu au Carrefour Francophone. Venez vous amuser et rencontrer de nouveaux ami(e)s.

LAURENTIAN'S NEW STUDENT CENTRE

Laurentian is to have, at long last, a Student Centre, a place where students can go to relax, to meet, to find services, and to get information.

It's been a long time coming. Work on the Student Centre began in 1986 when the idea was first raised in connection with Laurentian's fund-raising campaign. Since then, committees have been at work developing the concept of the Centre, and then working closely with the architects, Castellan and Favot.

Construction began in January of this year and completion is expected by December.

You'll be among the first group of students at Laurentian to have a Student Centre.

What's In the Student Centre

The Student Centre is situated right in the middle of the campus, above the entrances to the Parker Building and the Great Hall. Acting as a link between the Parker Building and the Arts Building, it will be a very busy place.

For the first time, part of the major services for students will be grouped together in one area. There will be facilities not available before to Laurentian students and all sorts of services will be close by.

This is a true Student Centre.

Facilities

At last, Laurentian students are going to have some excellent facilities.

You'll find five lounges for various sorts of relaxation: the "Fireside Lounge" for talking; the Entre-deux for talking in French; A TV lounge; a games room for pool table tennis, electronic games; and a study lounge for true assignments.

There are five meeting rooms from very large for Council meetings, to small enough for a study group.

Services

You'll find services of all sorts.

The Management of the Student Centre

The Student Centre will be managed by a committee with a majority of student members. This is to ensure that the Centre truly belongs to students and reflects your needs.

The membership of the committee also reflects the fact that much of the money that has gone to the building of the Student Centre has come from students, your predecessors. In your fees you too will be contributing to your Centre.

This student Centre is yours. Enjoy it and look after it.

LE NOUVEAU CENTRE DES ETUDIANTS A LA LAURENTIENNE

Enfin, l'Université Laurentienne aura un Centre des étudiants, endroit par excellence où ils peuvent se détendre, se faire connaissance et avoir des services et des informations dont ils ont besoin.

Ce centre, on l'a attendu depuis longtemps. L'idée de le créer a été conçue pour la première fois en 1986 au moment où on lançait la campagne de collecte des fonds de la Laurentienne. Depuis cette date, des comités se sont mis à l'œuvre pour développer le concept du Centre, travaillant bien sûr en collaboration avec les architectes Castellan et Favot.

Les travaux de construction ont débuté en janvier 1991 dernier, et on reste dans l'espoir que ce Centre commencera à fonctionner au mois de décembre prochain.

Vous ferez donc partie du premier groupe d'étudiants à la Laurentienne à avoir un Centre des étudiants.

Qu'est-ce qui se passe au Centre?

Le Centre des étudiants se situe au beau milieu du campus universitaire, et au-dessus des entrées principales de l'Edifice Parker et du Grand Salon. Reliant l'Edifice Parker et le bâtiment des arts, ce Centre sera toujours très animé.

Pour la première fois à la Laurentienne, les services principaux aux étudiants se regrouperont à un seul endroit. Il y aura tout ce qu'il faut pour se détendre et des services qui, avant, n'étaient pas disponibles aux étudiants de la Laurentienne seront offerts dans les parages.

C'est bien le Centre des étudiants

Les Loisirs

Les étudiants pourront enfin avoir un endroit où se sentir à l'aise.

Il y aura cinq salons à des buts spécifiques: le salon du foyer où vous pouvez jaser, l'Entre-Deux: un salon francophone; une salle de TV, une salle de jeux où vous pouvez jouer au billard, au tennis de table, aux jeux électroniques et une salle d'études pour faire vos devoirs.

Aussi y aura-t-il cinq salles de réunion à usages différents: les grandes salles serviront pour les réunions du Conseil des associations des étudiants, et les petites pour les études en groupe.

Les Services

Il y aura des services de toutes sortes:

Les associations des étudiants

Les bureaux de l'AEF (Pour étudiants francophones)
de l'SGA (Pour étudiants anglophones et francophones)
de l'ALPS (Pour étudiants à temps-partiel)
et de la GSA (pour étudiants au études supérieures)

Les services utiles:

Les services de photocopie
La salle de dactylographie et d'ordinateurs
La salle des téléphones
La Salle des clubs (Location pour des Clubs estudiantins)

La gérance du Centre

La gérance du Centre est sous la responsabilité d'un comité dont la plupart des membres sont des étudiants. Ceci reflète le fait que ce Centre, qui s'occupe des besoins des étudiants leur appartient bel et bien.

La composition du comité reflète aussi le fait que la grande partie des fonds collectés pour bâtir ce Centre venait des poches des étudiants, vos prédécesseurs qui ne vont pourtant pas profiter de ce Centre. Vous pouvez donc, vous aussi contribuer à l'édification de ce Centre en payant vos frais de scolarité.

Etudiants, ce Centre vous appartient. Profitez et prenez-en soin.

A Message from the Special Needs Office

Hello, my name is Earl Black. I am the Coordinator of Special needs at Laurentian University. The Special Needs office at Laurentian University exists to help students with special needs make the most of their educational experience. Through the office, I provide a wide variety of services to help these students achieve their educational goals. For example, if needed, I can arrange for special examinations (ie someone to write for a student or extra time) or have a class moved to a more accessible location. Also, the Special Needs Office provides various types of computer software and hardware that can be used by students who require it.

Education is the key to success in today's world and those with special needs deserve the same chances at success as anyone else. This logically implies that people with special needs require the same access to education. Laurentian like many other post-secondary institutions is jumping onto the bandwagon and doing what it can to provide the support necessary to give people with special needs equal access to education.

So, if you see someone in a wheelchair or someone with a guide dog or other disability on campus, remember that they are here to learn just like you. Most importantly, remember that they are experiencing the same excitement and fear as any other first year student.

Should you have any questions or concerns feel free to contact Earl Black at 675-1151 ext 3324 or drop by Rm. L334A in the RD Parker building.

Bonjour, je me nomme Earl Black. Je suis le coordonnateur des besoins spéciaux de L'Université Laurentienne. Ce bureau a été créé afin que les étudiants étudiantes ayant des besoins spéciaux profitent pleinement de leur expérience universitaire. Grâce à la variété des services offerts, ces personnes ont la possibilité d'atteindre leurs objectifs en matière d'éducation. Par exemple, nous pouvons prendre des dispositions pour la tenue d'examens spéciaux. (c.-à-d. prolongation de la durée de l'examen ou l'assistance d'un copiste) ou pour qu'un cours s'offre dans un endroit plus accessible. Le Bureau des besoins spéciaux permet également aux personnes qui en font la demande d'utiliser le matériel et les logiciels qui s'y trouvent.

L'éducation est la clé du succès dans notre société contemporaine. Les personnes ayant des besoins spéciaux doivent avoir les mêmes possibilités de réussir et par conséquent, de s'instruire. Comme de nombreux établissements postsecondaires, l'Université Laurentienne s'engage de plus en plus à satisfaire aux diverses demandes de ces personnes.

Par conséquent, si vous recontrez sur le campus une personne souffrant ou en compagnie d'un chien d'aveugle, souvenez-vous qu'elle fréquente l'Université pour la même raison que vous: étudier. De plus, n'oubliez pas qu'elle ressent les mêmes émotions et craintes que tout autre étudiant ou étudiante de première année.

Pour de plus amples renseignements, n'hésitez pas à communiquer avec Earl Black au 675-1151, poste 3324 ou au (705) 675-4806, ou à le visiter au L-334A, édifice RD Parker.

Dear First Year Students,

Well, that time is almost here, time to enter that new phase of your lives called University. We would like to take the time to introduce ourselves to you. We are your Food Services Department and we try to satisfy most if not all of your meal requirements during your stay at Laurentian University.

You will be receiving, if you haven't already received it, a copy of our meal plan brochure. These plans will enable you to pre-purchase healthy, nutritious meals at our various locations around campus. Just think, no more searching for change for that mid morning snack, just carry your meal card and we'll take care of it for you.

Other than the cafeterias, we also do catering for groups from 5 to 500. Having a club get together? call us, we can arrange anything from a wine and cheese party to a full course served meal.

By the way, if you need a job for the school year to help you with those pesky little extras that always come up, give us a call or drop in when you get to the campus. We can usually work around anyone's school schedule.

We look forward to seeing you in September.

Cher(e)s étudiant(e)s de première année

Eh bien, ce temps est presque venu, celui au cours duquel vous entrez dans une nouvelle phase de votre vie: la vie universitaire. Nous aimerions d'abord prendre le temps de nous présenter à vous. Nous sommes du Service de l'alimentation et par conséquent, nous essayons de satisfaire la plupart, sinon tous vos besoins en matière d'alimentation tout au long de votre séjour à l'Université Laurentienne.

Dans le cas où vous n'avez pas encore reçu notre brochure sur les plans de repas, nous vous la ferons parvenir bientôt. Ces plans de repas vous aideront d'acheter à l'avance nos repas sains et nutritifs dans vos différentes locations à travers le campus. Le matin, au lieu de s'ennuyer à préparer de quoi casser la croûte, approchez-vous juste de votre carte de repas et nous en prendrons soin de vous.

En plus de nos cafétarias, nous avons aussi un service de restauration pour des groupes allant de 5 à 500 personnes. Organisez-vous une petite réunion de club? Appelez-nous, nous pouvons arranger n'importe quoi à partir d'un vin-fromage jusqu'à un repas complet.

En passant, si vous désirez travailler au cours de l'année académique afin d'avoir de l'argent pouvant vous aider à résoudre vos problèmes financiers imprévisibles, appelez-nous ou venez nous contacter dès votre arrivée sur le campus. Habituellement, nous sommes en mesure de travailler en fonction de l'emploi du temps de chaque étudiant.

Au plaisir de vous voir en Septembre

LAURENTIENNE VOUS OFFRE

ORIENTATION OR DISORIENTATION?????

Yes, Orientation Week is coming up fast: lots to do in one short week. Moving in, meeting people, registration, language testing - these are things you have to do. BUT there is often alot going on during Orientation Week that you DON'T have to do. Know the difference!!!

You do not have to participate in any hazing related activities which make you feel uncomfortable. These include:

- alcohol consumption
- "midnight aerobics"
- dressing in a manner that undermines your self-esteem (especially T-shirts with offensive slogans/pictures)
- engaging in any activities which risks the security of your person

The most important guideline is to **trust your own instincts**. If you feel uncomfortable about participating in any hazing activity, **DON'T!!**

If you are feeling forced to do so, tell someone. There is a Personal Harassment Office located on the 7th floor of the R.D. Parker Building ("the Tower") in room 1707. The Personal Harassment Officer, Norma MacRae-Ward, will be pleased to talk with you.

Have a good week... get oriented for a great year!

SEMAINE D'ORIENTATION OU DE DESORIENTATION

Et oui, la semaine d'orientation approche à grands pas.. Il y a tellement à faire au cours cette semaine: emménager, rencontrer des gens, s'inscrire, écrire le test de compétence linguistique, etc. Ces activités sont obligatoires. TOUTEFOIS, il y a beaucoup de choses qui se passent durant le semaine d'orientation que vous N'AVEZ PAS à faire. Apprenez à connaître la différence!!!

Vous n'avez pas à participer aux activités d'initiation qui vous mettent mal à l'aise, à savoir:

- consommer de l'alcool
- les séances d'exercices nocturnes
- s'habiller de façon à blesser votre amour-propre (en particulier, porter des t-shirts ayant des photos ou des messages offensants)
- les activités qui mettent votre sécurité en danger

Il importe avant tout de vous **fier à votre instinct**. Si vous vous sentez mal à l'aise lors de certaines activités d'initiation, n'y prenez pas part. Si vous sentez que l'on vous force, dites-le à quelqu'un. Le Bureau du harcèlement personnel est situé au L707, 7ième étage de l'édifice R.D.Parker. Norma MacRae-Ward se fera un plaisir de discuter avec vous.

Passez une bonne semaine et commencez votre année de bon pied!

STRATEGIES FOR PREVENTING DATE RAPE

These days there is alot of confusion over the issue of date/acquaintance rape (when a woman is raped by someone she knows). One thing that is certain: date rape is a serious problem, especially on college and university campuses.

There are some good strategies to make sure that you don't become involved in a date rape. Here are some:

- Both men and women should be more clear and direct about their expectations from an evening or of a relationship from the very beginning. Women in particular should make their own decisions, rather than trusting someone else to make their decision for them.

- Women and men should not feel they have to give in to peer pressure in regard to sex.

- Women should not feel that they owe a man any sexual payment if he has paid for food or for an evening's entertainment. Paying your own way avoids any question of who owes whom anything.

- Men should accept that No means No. Never convince yourself that no means yes, or even maybe. Don't challenge a woman's answer or try to persuade her to change her mind. Psychological weapons as threats are just as real as material weapons. Legally this is the case.

- Women should learn to make their decisions by what they want and not worry about making someone angry or having a relationship end. You should trust your own instincts. If you feel uneasy you may have good reason. Don't be caught in denying what is happening — this is very common (the "I know he'll stop" syndrome). It is estimated that over 90% of acquaintance rapes are not reported because women are ashamed and feel that no one will believe them ("Didn't you realize what he was like?"). Women hesitate to talk about it even to their closest friends — they are afraid they will be blamed.

- The best way to avoid date rape is for both men and women to refuse the traditional male and female stereotypes: the woman as weak, submissive, there to please, and the man as the aggressor, whose identity and self-esteem is tied to the demonstration of his sexual powers.

OPINION

Most of you who are coming to Laurentian for the first time are very likely to be between the ages of 17 and 19, and are coming right out of High School. Many of

you are probably entering University with the same attitude that you had for High School. You don't really want to be here; you are only coming because you have to; your parents want you to do this. If you think that University is just like all your previous educational experience then your in for the shock of your life. First of all the treatment of students is completely different. You are now an adult. No one will make you go to class or make you complete your assignments. There is no detention or principals who to enforce discipline. Your experience is exactly what you make of it. If you cut class and spend all of your time in the pub then your experience will be one of drunkenness and hangovers. You will have wasted your time and money and gotten nothing in return. You may wish instead to work hard at what you are studying and strive for excellence. This will make your experience here one of broadening your horizons and learning the deeper truths that exist in our society. University is not an end in itself but it will open up all kinds of doors that you never even knew existed.

You should also try and do a lot of things outside the classroom. Laurentian has a number of clubs, campus radio and newspapers, political organizations, student associations; things that will challenge you and make you think. When you participate in these kinds of activities your experience here will be filled with memories of how you overcame challenges, and the friendships that you foster will last you a lifetime.

When I came to Laurentian I was twenty three years old and I had been out on my own in the real world trying to make a living for four years. I came here for the opportunity to make something out of my life. Back in High School I didn't participate in a whole lot of extracurricular activities. I regretted that because just going to class is really boring. To make something out of any educational experience you have to do everything, at least once. When I came to Laurentian I was determined to do a lot more than just go to class. In this, my third year, I will be Editor of the student newspaper, student representative on the English Department Council, member of the Presidents Advisory Committee for the Status of Women, and advisor to the executive of the English Literature Society. As well I will regularly attend meetings of SGA and keep up to date with what is going on with Laurentian Senate and the councils of Laurentian's Federated Colleges.

When people ask me how I have time for all of this I tell them that the time is there if you do these things instead of party every night or sit for hours in front of the TV. Your University experience should be fun. All of the things I do, I enjoy. My advice to anyone coming to Laurentian is to just try things. Start by getting involved with all the activities going on during Carny Week. Later on work for CFLR or write an article for Lambda. Then see what is happening with your college and get involved with that. If you have decided on a major then join the coinciding society. If you have only narrowed it down to three or four then join them all and get involved. Get to know the people who are studying the same things that you are. Get to know your professors. Volunteer to help organize events for your society. The time you spend associating with people like you, the more you will learn and the more you will grow as a person. You may find that much of your learning will take place outside of the classroom. 'Carpe Diem', and make your lives Extraordinary.
